City Vehicle # 241

Current Assignment: Engine 3

Currently one of the city's busiest engine, like all engines in the city, we respond to many residential, industrial and commercial occupancies, including Screen Gems Studios, home of WB's, "Dawson's Creek".

Engine Three is housed at station three, located on Princess Place drive at Barclay Hills and also responds Downtown with Engine One at Fire headquarters, Engine Two at Empie Park, and Engine Eight On Eastwood Road. Engine Three has a single stage hale fire pump. For supply, 900' of 5" hose, and 750' of 2 1/2" hose. For Fire Attack, 2- 13/4" crosslays, and 1- 2 1/2" crosslay behind the cab, a 100' Rubber Trash line on the front bumper. A pre-piped deckgun stands ready for action on top as well as a 200' hose reel.

City Fire Vehicle #00240

Make: Sutphen
